### 1. Operational Developments:

At our final meeting with LCCASSOCK-1 before he departed for Munich (around mid-March) we gave him the last payment on his termination settlement and wished him well in his new job with UPHILL (see paragraph 4 of BRLN 8351, 10 March 1960). In EGMA-49524, 7 June 1960, Munich Base reported LCCASSOCK-1's termination by UPHILL and the possibility that he would find a job with the Federal Press office. Since then, we have heard from LCCASSOCK-8 that LCCASSOCK-1 is in fact working on an honorare basis for the Federal Press Office. Since our last meeting in March we have had no contact with LCCASSOCK-1 and have heard no confirmatory or other news regarding his current employment. Under separate dispatch we shall shortly forward LCCASSOCK-1's ASR and quit-claim.

b. For reasons of health LCCASSOCK-4 is currently taking an extended Kur in Bavaria. The only unsettled item holding up his formal termination is the submittal of one pistol. In the confusion of closing down the LCCASSOCK GmbH offices this pistol disappeared and LCCASSOCK-4, to whom it was originally issued, has not yet been able to account for it. Upon his return to Berlin sometime in July we shall make a final effort to locate the pistol and formally terminate LCCASSOCK-4, after which we shall forward his ASR and quit-claim.

- c. LCCASSOCK-8 continues to serve as a very efficient business manager of LCCASSOCK GmbH-in-liquidation. Due largely to her painstaking attention to detail and her close "penny-pinching" supervision of LCCASSOCK equipment disposal, the amount realized from the sale of LCCASSOCK assets exceeded our original estimate by several thousand marks (see paragraph 2-b below).
- d. During the reporting period UPHILL expressed operational interest in and requested traces on two former LCCASSOCK employees (MUNI-8960, 9 March 1960, and MUNI-9466, 5 April 1960). In both cases we forwarded a brief employment description and reported no derogatory information (BRLN-8351, 10 March 1960, and BRLN-8738, 7 April 1960). A third UPHILL query (MUNI-0672, 15 June 1960) regarding the availability of LCCASSOCK operational files was answered by noting that all LCCASSOCK operational files except three small card files (on SED targets) had been destroyed and asking for Munich base advice on turnover procedure in the event UPHTIL wanted these remaining files (BRLN-9788, 21 June 1960). To date, no further word has been received from Munich on this matter, and we presume UPHILL has decided not to take the files.

### 2. LCCASSOCK GmbH Liquidation Developments:

a. In EGBA-63576, 6 May 1960, we summarized the history of the LCCASSOCK turnover tax problem and reported the formal rejection by the local finance office of the LCCASBOCK appeal for 1% rate. Following a final effort via L a reversal of this decision from the Federal Finance Ministry, Bonn Base reported,

EGBA-64615

via cable note on 27 May, ( )'s advice that the Finance Ministry "saw no way under the law to reduce the tax to one per cent," but that in view of the fact that the LCCASSOCK business was in liquidation and "provided that the financial sponsor (of LCCASSOCK) refuses to pay, the Ministry agrees to drop the matter." In subsequent cable note traffic this position was clarified as meaning that the Finance Ministry would not demand payment of the DMW 13,195 tax assessment for 1958 but would be unwilling to reimburse LCCASSOCK for the additional taxes paid at the 4 percent rate during 1959 and until LCCASSOCK GmbH liquidation in February 1960 (see paragraph 3 of EGBA-63576). Up to 30 June, the LCCASSOCK GmbH had received no implementing notification of the Finance Ministry decision from the local finance office.\*

\*On the contrary, in the past couple of weeks two subordinate offices of the local finance office, the Hauptfinanzamt fuer Koerperschaften (HfK) and the Hauptfinanzamt fuer Erbschaftsteuer und Verkehrsteuern (HfEW), have continued to press the firm regarding its tax and financial status.

- (1) In a visit to LCCASSOCK-8 the first week in July a representative of the  $\underline{HfK}$  enquired about the LCCASSOCK GmbH's ability to pay the DMW 13,195 assessment. L-8 was apparently able to convince him that the firm is truly bankrupt and has no cash reserves to pay the assessment.
- (2) On 6 July L-8 received a letter from the HfeV requesting her to furnish information on the identity of the financial backers of LCCASSOCK in 1958 and 1959 and what tasks or conditions, if any, were tied to subsidies from these backers during that period. We immediately referred this letter to c) for comment. We also asked ( )'s deputy (in ( j's absence on leave) to clarify and if possible squash the HfEV query via action with the local finance office, and at the same time to request the latter office to close its books on the LCCASSOCK tax case once and for all, in line with the Finance Ministry decision. On 15 July )'s deputy informed us that the president of the local finance office had advised him that the HfEV query was a routine request for information which required at least a pro forma replay. Based on his talk with the finance office president, ( )'s deputy advised us to reply by (a) stating that during the period in question the firm had been subsidized by an "auslaendische Konsortium" for political propaganda purposes and by (b) referring to the LCCASSOCK GmbH tax file in the local finance office. The latter reference, he said, would satisfy the HfEV regarding the nature of the Konsortium, without our having to identify it in our reply. This advise ). The reply to the HfEV will be prepared was immediately cabled to ( and forwarded by LCCASSOCK-8.
- (3) On 16 July L-8 reported she had just received a letter from the HfK stating that a final decision on the tax charges against the LCCASSOCK GmbH had not yet been made but would forthcoming by 1 August. This in spite of the fact that ( )'s deputy had told us that the president of the local finance office had advised him verbally on 15 July that the retroactive tax assessment against the firm had been dropped ("niedergeschlagen") on the understanding that the firm would not be re-established. If we can presume that this advice (implementing the Bonn Finance Ministry decision) will somehow trickle down to subordinate offices of the local finance office before 1 August, we can hope that formal notification thereof will be received by the LCCASSOCK GmbH by that date.

S-E-C-R-E-T

DISPATCH SYMBOL AND NO. EGBA-64615

b. By the end of the reporting period almost all LCCASSOCK GmbH property had been disposed of. Under Attachment A is a complete list of all LCCASSOCK GmbH property, based on the inventory forwarded as an attachment to EGBA-60381, 29 October 1959. After each item on the list is a description of its buyer (or, if not sold, of its disposition), a reference to its number on the original inventory list, the original estimate of its sale value, and the amount eventually realized from its sale. The total income from the sale of this property over the six-month period January-June 1960 is DMW 24,462.50. This is almost DMW 7,000 more than the figure used in our original termination cost schedule and only about DMW 4,400 less than the total assessed value of the property (see paragraph III-A of EGBA-60381). The only items not yet finally disposed of are a paper cutting machine (now in the hands of a commission salesman, expected to net an additional ca. DMW 3,000), a bookcase and an adding machine (both being used by LCCASSOCK-8 in her apartment for LCCASSOCK liquidation purposes).

- c. You will note that a portion of the LCCASSOCK equipment listed in the Attachment A list was sold to LCPAGAN. Having heard on his own of the dissolution of the LCCASSOCK firm, ( ) asked us if we had any objections to LCPAGAN buying some LCCASSOCK's office and plant equipment. After reviewing a list of selected LCCASSOCK equipment which '( ) had drawn up and satisfying ourselves that they would be desirable additions to the LCPAGAN plant and that their purchase by LCPAGAN at assessed-value prices would not work to the advantage or disadvantage of either LCPAGAN or LCCASSOCK nor in any way injure KUBARK's interest, we told ( ) we had no objections, and he arranged the purchases directly with LCCASSOCK-8.
- d. Now that the DMW 13,195 tax charge against LCCASSOCK has been dropped (as noted above, the LCCASSOCK GmbH is still awaiting confirmation of this), the financial status of the project can be more accurately assessed. Given a LCCASSOCK GmbH cash balance on 30 June of DMW 10,865.38 (see Attachment C and D accountings for June 1960), an estimated future income of about DMW 6,000 (DMW 3,000 from the sale of the paper-cutting machine, plus ca. DMW 3,000 from outstanding debtors), and roughly estimated expenditures of not more than DMW 17,500 (including L-8's salary DMW 350 per month for 8 months or DMW 2,800; administrative costs of roughly DMW 1,500; payments to creditors totaling about DMW 6,000; and a DMW 7,000 termination bonus to L-8, the latter to be paid directly by BOB, not from LCCASSOCK GmbH funds) over the remaining months of the liquidation year ending 4 February 1961, it appears virtually certain that no more than \$( ) of the LCCASSOCK FY 1960 budget of \$( ) (per Allocation advice No. 4, contained in COS Memorandum of 16 February 1960) will be required.
- e. Depending primarily upon the extent to which amounts due from debtors can be collected in cash (as opposed to returns of back copies of the LCCASSOCK commercial magazine), we expect that at some point in the coming months we shall be able to pull out and return to KUBARK hands a portion of the current LCCASSOCK GmbH cash balance through a partial payment on the DMW 24,987 "loan" from the LCCASSOCK PBPRIME attorney (this amount represented the assessed value of LCCASSOCK GmbH property at the time of incorporation and was entered on LCCASSOCK GmbH books at that time as a loan, backstopped by appropriate cover correspondence between LCCASSOCK and the PBPRIME lawyer). We will advise addressees at such time as this siphoning off process becomes feasible.
- f. Under Attachment B we are forwarding copies of the financial balance sheet (bilanz) for the LCCASSOCK GmbH as of 31 December 1959 (end of the 1959 business year), 4 February 1960 (dissolution of the GmbH) and 5 February 1960 (beginning of the liquidation year). All of these were prepared by the LCCASSOCK tax advisor, based on very valuable and timely guidelines supplied by ( ) (through the c/o and LCCASSOCK-8). You will note that the 4 February 1960 bilanz is supplemented by a complete list of LCCASSOCK GmbH debtors (as of 4 February).
